## MUSICAL SHOW OF REDMEN PROMISES TO HAVE BIG CROWD

Indications Are That "The Microbes of Love" Given Thursday Evening at the Washington Will Be Largely Attended.

"The Microbes of Love," a musical comedy show given by home talent under the auspices of the local lodge of Red Men which is to be the attraction at the Washington Theater Thursday evening promises to attract a great house. Tickets now on sale are going fast and the house will probably be crowded.

The cast is one of the best ever assembled in Maysville for a home talent show and they have been trained by an expert who has had much experience and who has proven himself one of the best directors Maysville talent has had the pleasure of working with.

The play is indeed a musical show. There will be many catchy songs and much lively music during the evening. The chorus has been selected not alone for the good looks of the members but for their ability to sing and dance.

Everyone is going to attend the big show of the year and seat reservations should be made immediately at Shafter & Watkins' store in Third street.

## COLLEGE STUDENT BODY SUPPORTS MISSIONARIES

Mr. Wm. Stout, Who Visited Here Recently, and His Wife Soon Return to China to Resume Their Work.

"Chinese students studying in America are the hope of China," is the declaration of Rev. W. W. Stout, missionary to China. Reverend Stout who has spent four years in China as Professor of Homiletics in North China Baptist College, and is preparing to return to his work in a few days.

Reverend Stout has been very active in the recent campaign for the benefit of the Starving Chinese, and his address before the Chapel at Georgetown College was a direct appeal for the aid of needy students in the Chinese Colleges. His idea is that the Chinese students returning to China with the ideas of Western civilization that they have absorbed are the hope of that country. He said that when China has adopted Christianity and the Christian religion she will have a deep sense of gratitude to America for help and encouragement.

The Georgetown College Student body is supporting Mr. and Mrs. Stout on the Mission Field as their special representatives.

## THAT LEVY REDUCTION

Pointing out that there is a fallacy in our statement that \$12,626.19 was spent by Mr. A. L. Glascock's Infirmary in the period from March, 1920, to April, 1921, because only \$7,220.29 is derived from the tax levy for infirmary purposes, the Daily Independent in today's issue endeavors to laud the Democratic candidate for a reduction in the levy for the Infirmary since he became chairman of that institution as a member of the Mason Fiscal Court.

In its article the Independent fails to give Mr. Glascock credit for making any money whatever on the Infirmary's splendid 130 acre farm and reduces the amount fixed by the Public Ledger as the income from direct Infirmary taxation from \$7,500 to \$7,220.29. It fails to take into consideration any income whatever except that derived from the four cent levy, not only refusing to recognize that the farm brings into the Infirmary fund any cash, but also failing to give the state credit for its regular allowance for incompetents and other incomes which go into the Infirmary fund, swelling it to a point far above that reached by direct taxation.

The Independent endeavors to reduce the per capita and places it at \$6.50. This is considerably lower than the Public Ledger's figures but accepting their own figure, there are few average families in Mason county who could stand the expense of \$6.50 per member per week for the absolute necessities of life and the thinking heads of families in Mason county will not consider even this figure a record "proud to claim."

The Independent appears to be proud of the fact that the Infirmary levy has been reduced two cents on the one hundred dollars during the period of Mr. Glascock's service as Commissioner. Let's take a look at the assessment against which this levy has been charged and see how much has actually been saved the taxpayers of Mason county by the reduction of levy of which the Independent and Mr. Glascock appear to be quite proud.

The assessment for Mason county, outside the City of Maysville, which city is not taxed for Infirmary purposes, during the four years in which Mr. Glascock has served as Commissioner follows:

1918—\$11,656,132.

1919—14,250,713.

1920—17,214,188.

1921—17,748,091.

These figures do not include the franchise assessments upon which the Infirmary levy is also taxed.

From these figures it will be seen that despite the fact that the levy for Mr. Glascock's Infirmary has been reduced two cents on the one hundred dollars, the lesser levy in 1921 has delivered to him a much larger sum than the larger levy produced in 1918. Is Mr. Glascock proud of the fact that the assessment on Mason county property has been increased, giving him the opportunity to reduce the levy for Infirmary purposes two cents on an assessment increase of more than six millions of dollars?

In its conclusion, the Independent again returns to the road issue saying that \$70,000 for road purposes was spent from April, 1920, to April, 1921, and intimating that this sum of money was spent on Judge Purnell's checks before the members of the Fiscal Court knew anything about it. If Mr. Glascock, elected by the people of Mason county, sat in Fiscal Court and permitted the expenditure of \$70,000 before knowing anything about it, he is not possessed of such ability as a county, like Mason, should have in its County Judge nor is his record as a supervisor of the county's fiscal affairs so splendid. But then, Mr. Glascock does not assume his responsibility in road matters. As a matter of fact, all checks for roads are issued and signed by the County Road Supervisor, an agent of the Fiscal Court, elected by them and then counter-signed by the County Judge.

## THREATENED STRIKE MAY BE SETTLED BY R. R. LABOR BOARD

Chicago, October 19. — The United States Railroad Labor Board, peace-maker with a club, planned a truce between railroad employees and executives today.

The government has let it be known meant to enforce mediation decrees of the Railroad Board will be found.

These, it was understood today, are some of the demands that will be presented to the men by the board:

1: Immediate suspension of the October 30 strike order of the brotherhoods.

2: Requests to leaders of other unions to hold up strike decisions for the present.

Demands to be made upon the railroads are:

1: Immediate translation of the 12 per cent wage cut of last July into freight rates.

## The Old Folks Say

"A man can often change his mind when he can't change his shirt."—We changed our mind just a little bit this morning when we had an inspiration.

We brother Red Men are giving a Musical Show Thursday evening, October 20, as you all know, a tuneful comedy called "Microbes of Love," and from present indications, everybody and his brother will be there. The inspiration was "Why not have the drawing for the Chevrolet Touring Car take place on the stage during the play?" No sooner said than done, so, Grand Keeper of the Wigwag, Big Chief James Frost, gave us permission to have some one in the audience draw for the lucky coupon. The drawing will take place between the second and third acts.

The Chevrolet will be parked outside the Opera House, and if the holder of the lucky ticket is in the house, he may drive home in his own machine.

In the event that the ticket is not in the house, the lucky number will be advertised in all the local papers, and the car will await its owner, safe and sound in our store room.

Yours, to enjoy the show,

Mike Brown
